Join us for a fun evening filled with family-friendly entertainment celebrating the cowboy way of life! You will enjoy the vivid pictures painted of the real West of yesterday and today through music and poetry. Our singers have won many awards for their singing and songwriting in the western music genre. They not only sing about the country and ranching lifestyle but have lived it as well. Our poet has a special place in his heart for the cowboy, a fact you will recognize by the variety of poems that he recites, ranging from the serious to the humorous parts of the western way of life.
